

STINSON BROS' Stores.

Situated in one of the best small towns in Egypt and surrounded by a thrifty and prosperous class of farmers, who in addition to crop raising make a specialty of high grade cattle, hogs, sheep and poultry, this store opened in 1886 has been from the first wonderfully successful. The original building (illustrated here) was about 18 feet wide by 40 feet deep with a big chicken coop in the rear, like Mr. Finley's turnip, it grew and it

grew" and in about a year the little frame gave way to a handsome brick building. At the start the business was under the direction of Mr. Robert Stinson, assisted by his brother, Rufus, and its development was so rapid that the enterprising management, longing for other fields to conquer, turned over in 1891 the management to Mr. W. E. Stinson, the youngest of the four brothers. Success followed success under his guidance and in a short

time more room was required, an adjoining store taken, a connecting archway was cut through the wall and The Star Clothing Store (as shown in the illustration), was the result.

In 1905 Mr. Ezekiel Jordan, who had faithfully served the firm for a number of years was placed in charge of the Clothing, Shoes and Furnishings as buyer and manager and Mr. Chas. H. Gowdy who grew up with the firm was given charge of the

farmers and good people of Mt. Vernon soon found out what savings it meant for them, and Stinsons became a household word for miles around. Today there is no store in the country more solidly established, or which enjoys to a greater extent the confidence of the buying public, than this progressive institution.

The store building is, as the illustration, a handsome structure, 50 feet wide by 140 feet deep and is used exclusively for the business of the firm. On the main floor are the Ladies and Men's Furnishing Goods, Dry Goods, Notions and Ready to Wear Garments, etc. The second floor is given up to Carpets, Mugs, Rugs, Draperies, Crockery Kitchen Furnishings.

The management of the store is under the direction of Mr. W. E. Stinson and Mr. E. Jordan. Mr. W. E. Stinson is in charge of the Ladies and Ladies shoe department, Mr. W. J. Spiller and Billy Bryant in charge of the Men's Clothing, Shoes and Furnishings. Messrs. W. E. Whitesides and Robert Stinson, Jr., have full charge of the second floor and Miss Pearl Hammer has the responsible position of cashier.

With such a staff of efficient painstaking help, it is safe to predict a continuance of Stinson's present popularity.

You can order anything by mail from any of Stinson's stores with the certainty of getting the same satisfaction as if you made personal selections at the counter.

One of the most prominent successes in the Stinson chain of stores is the one opened up in this city in 1890.

Situated as it is in the center of a rich farming country, the Stinsons by up to date methods of advertising quickly brought their store to the front and it has made rapid and substantial progress from the day it was opened up.

Selling the best of goods for the lowest prices, it has made itself a reputation which has not only firmly established it in the mind of the home folks, but has built up a spirit of communion with the people who come for miles to trade at Stinson's store.

HAD AN AWFUL TIME

But Chamberlain's Colic, Cholera And Diarrhoea Remedy Cured Him.

It is with pleasure that I give you this unfeigned testimonial. About a year ago when I had a severe case of measles I got caught out in a terrible rain and the measles settled in my stomach and bowels. I had an awful time and had it not been for the use of Chamberlain's Colic, Cholera and Diarrhoea Remedy I could not have possibly lived but a few hours longer, but thanks to this remedy I am now strong and well. I have written the above through simple gratitude and I shall always speak a good word for this remedy. Sam H. Gwin, Concord, Ga. For sale by J. H. Electric Haulage System.

The Crittenden Coal and Coke Co. Mines are now making good runs, notwithstanding the fact that Mr. Coffey is all the time laying new machinery put in. The electric haulage system has been established, which is proving more profitable and safer than by mules. In but a very short time Mr. Coffey will have these mines competing with any in the county in the out put of coal. — St. Louis News Democrat.

We had a most exciting time in our section a few days back at the residence of R. M. Eaton. Bro. Eaton was doing some work in his garden close to his house. Mrs. Eaton went to the well in the yard for the purpose of drawing some water, about that time she missed her four-year-old son, she called to Bro. Eaton saying she was fearful that Hodge, was in the well. The Bro. understood her to say that the boy was in the well. Bro. Eaton stopped to ask no further questions but made the man of his life for the well and jumped in, down he went in ten feet of water to the bottom, after tiring around he came to the surface for breath, he made the second dive, when he came up again for a fresh supply of wind, his good wife led him to the boy who was up to her side. Well the next thing docket was to send out a general summons to rescue the preacher, he being in ten feet of water in a plastered well that a frog could not get a hold on, the neighbors soon rallied and the Bro. was pulled out. Bro. Eaton says no good Baptist fears water.

Weak Women

Weak and ailing women, there is at least one way to help. But with that way, two treatments must be combined. One is local, the other is constitutional. Dr. Shoop's Night Cure is the Local.

Dr. Shoop's Restorative, the Constitutional.

The former Dr. Shoop's Night Cure, supplied by Dr. Shoop's Restorative, while Dr.

Shoop's Restorative is wholly an internal treatment.

The Restorative reaches throughout the entire system, seeking the repair of all nerve and muscle tissue.

The "Night Cure", as its name implies, does its work while you sleep. It soothes sore and inflamed mucous surfaces, relieves local swellings and discharges waste products. It gives new energy and new life. It gives renewed vigor and ambition, builds up wasted tissues, bringing about renewed strength, vigor, and energy. Take Dr. Shoop's Restorative—Tablets or Liquid—as a general tonic to the system. For positive local help, use as well as the

The Mount Vernon Store. Opened 1894.

The store is managed by Mr. Richard E. Pickens, formerly of Marion, Ky., a gentleman of fine business abilities and one whose personal popularity has done much to make the store the success it is. He is ably assisted by Claude Sloan, Ed Jones, Fred Daniels and Miss Rose Sloan, each of whom are ever ready to give their best attention and experience to the service of the store and its customers.

Perhaps the strongest evidence of the success of Stinson Bros. in Mt. Vernon is the fact that in 1902, their business had so far developed that to accommodate their numerous customers in the West Side they opened up this branch store under the name and title of C. L. Lawrence & Company.

Mr. Lawrence was for years in the service of the firm and had shown such marked ability as a clerk that when a suitable man was required for this new venture, he was selected. How well he has justified the confidence of his former employers is amply testified in the position he holds today and the business success which bears his name. Under his management the business has from year to year shown substantial increase and this fair to become, at no distant date, second only to the older Mt. Vernon establishment. The same upright methods which made the original store so popular are rigidly practiced by Mr. Lawrence.

enjoys a large trade on these staples and necessary articles.

Mr. Erastus Trousdale who graduated from a clerkship in the Enfield store was brought to the West Side Store as chief assistant to Mr. Lawrence at a big increase in salary and with Felix Grossman, Arthur Stager, make an efficient corps of sales people to wait on the trade at the West Side Store.

The McLeansboro, Ill., Store, Opened 1899.

One of the best of the Stinson Bros. combinations is the store situated at this important town and its remarkable growth is a feature of which this enterprising firm have every reason to be proud. Under the able management of Mr. Perry B. McCullough it has grown and prospered with each succeeding year and no store has a surer hold on the good will of its patrons.

Selling good reliable merchandise at the closest prices has made it the most popular trading center of the town and surrounding district and the name of "Stinson" is accepted as a sure guarantee of quality and fair dealing.

Mr. McCullough is ably assisted by Mr. Ernest H. Irwin, Chas. Marlett, Geo. Fowler, Paul Powley, Edna E. Thorne and Mary Cochran as sales force and Miss Florence Cochran as cashier.

The Lawrenceville store makes a specialty of Dry Goods, Shoes, Hats, Ladies' wraps, Boys' and Children's Clothing and Groceries.

The youngest in point of time this store, although but two years old, is second to none of all the Stinson enterprises and its phenomenal success has excited the admiration and wonder of those who have watched its progress.

Situated on the West Side of the city in the midst of a densely populated section with large mills and factories employing thousands of skilled and well paid artisans, it has jumped at one bound to the front rank of Evansville's stores, and already enjoys the deserved reputation of being a first class department store where good merchandise can always be bought at the fairest prices.

The store is under the personal management of Mr. W. E. Stinson, the youngest of the four brothers and so skillfully has he conducted affairs by judicious and extensive advertising and up-to-date methods of business that the store is not only drawing a large trade from the im-

from distant country adjoining, catering to those who want first-class merchandise and selling on a strictly cash basis has made the store famous as the store where money will do its best and its future growth is assured on the basis of this public confidence.

The West Side store makes a special effort in the Mail Order business and already has quite an extensive connection through the mails with people who live miles away.

Carrying extensive stocks of fine Dry Goods, Shoes, Hats, Clothing, Carpets, Rugs, Matting and Ladies Ready-to-wear Garments, this store is well able to take care of the wants of its daily increasing patronage and there is no store anywhere that can give better values.

Mr. Stinson is assisted by the following efficient staff of buyers and department managers: Mr. Theodore Hartig, Shoes, Hats and Furnishings; Mr. Lawrence Stinson, clothing and carpets; Miss Stella Everhardt, Dress goods and silks; Miss Tillie Manu, hosiery and notions; Miss Rose Lappa, ladies' ready-to-wear garments; Miss Jessie Fairhurst, Herbert Rogers, Florence Stinson, Forest Shelby, Wilford Stinson, Wilford Stinson, Miss Mabel White, cashier, and Roy Roth, cash boy.

He neglected to take Foley's Kidney Cure at the first signs of kidney trouble, hoping it would wear away, and he was soon a victim of Bright's disease. There is danger in delay, but if Foley's Kidney Cure is taken at once the symptom will disappear, the kidneys are strengthened and you are soon sound and well. A. R. A Good Cook.

A Uniontown woman saw in a newspaper how a man could be cured of drinking by putting a little whisky in everything he ate. This, however, was before Union went "dry" as we all know such a thing could not happen now. So she proceeded to sprinkle eatables with the fiery liquid and her husband suffered the treatment three times a day. He did not say anything until the supper of the third day, when he exclaimed to his wife, "Molly, it is astonishing how much you are improving in your cooking lately." — Uniontown Telegram.

The Pain Family

You know them; they are numerous, and make their presence felt everywhere. The names of the family are Headache, Toothache, Backache, Stomachache, Neuralgia, etc. They are sentinels that warn you of any derangement of your system. When the brain nerves become exhausted or irritated, Headache makes you miserable; if the stomach nerves are weak, indigestion results, and you double up with pain, and if the more prominent nerves are affected, Neuralgia simply makes life unendurable. The way to stop pain is to soothe and strengthen the nerves. Dr. Miles' Anti-Pain Pills do this. The whole Pain family yield to their influence. Harmless if taken as directed.

"I find Dr. Miles' Anti-Pain Pills an excellent remedy for overcoming headache, neuralgia and distressing pain of all sorts. I have used them for pain and you in this capacity will get the best of results."

WELLINGTON JONES DEAD

Stricken Monday Night...Passed Away Tuesday Morning

Squire E. W. Jones, one of the county's best known citizens, died Tuesday morning at 8:30 o'clock at his home in the Crayneville section of Marion. He was in Marion Monday attending county court and when he returned home he stopped at Crayneville and was in fine spirits and, apparently, in his usual health.

He left Crayneville for his home, one mile south the A. L. Cruee farm, a little after sundown and ate a hearty supper. Soon after supper he was stricken and from the first was in a critical condition, and his death followed twelve hours later.

Mr. Jones was in his 66th year and besides his wife three sons, John, Thomas and James.

The interment was held Wednesday morning at the new cemetery in this city.

Guests at the Crittenden Springs.

Crittenden Springs Hotel is having an unusually good class and large number of patronage this year, and every train brings in or takes away guests of the famous watering place. Among those there this week were:

The Star Mars. A beautiful sight may be seen in the Southern sky these August evenings after one o'clock Mars, after a course of thirteen years, again comes close to the earth to be seen with the eye. The star is larger and more brilliant than the others about and is easily discerned. Mars is thought to be inhabited and may have probably been written about in any other star. As Mars only comes once in thirteen years it is worth while to see it.

Sews Up Man's Heart.

On Aug. 12.—The local medical fraternity is watching with much interest the outcome of a delicate operation performed on William Kuhn at the city hospital. Kuhn entered the institution Wednesday night with several severe knife wounds, one of which had laid the skin open for nearly an inch. This was dressed and sewed by Dr. Kahn. The patient gives a steady improvement.

Big Fishing.

Joe Ballou Jennings, Congress, Stanley, Thos. H. Mason and others made the fine catch of a twenty six pound cat fish. Jesse M. Baskett and Jack Bodine went out to their luck on or about the same day. They caught two cat fish, one weighing 27 lbs. the other ten pounds. They ate a pound and took the other home in the skiff, at least they brought it to the foot of Second street, and thereby hangs a tale.

The Board and the Ohio.

The Pittsburg Chamber of Commerce has completed arrangements for the visit of the Board of Engineers, U. S. A., to Pittsburg on Monday, Aug. 12. The object of the visit is for consideration of the previous report on the Nine Foot Stage in the Ohio. The Chamber has compiled data on the tonnage and other matters pertinent to the Ohio and on the necessity for completion of the Nine Foot Stage, and the visit of the Board will be of the utmost importance to every interest and to every community in the Valley.

The Board is composed of men distinguished in their profession, men of impartiality and without exception, impressed with the importance of the work committed to them

the improvement of the Ohio, draining the richest commercial, manufacturing, agricultural and mining Valley on the globe. A most cordial welcome is due them from the press and the people of the Ohio Valley and the duty is on press and people, and on all Ohio Valley, but to the trade and commerce of the entire country.

If the Great Lakes could be made navigable the entire year, it would need no statistician to demonstrate that their tonnage would be doubled, to say the least of it. But Nature has placed obstacles in the way of continuous lake navigation which do not obtain with reference to the Ohio River.

The Ohio can be adequately improved from Pittsburg to Cairo without one obstacle, natural or artificial in the way—and it needs no statistician to demonstrate that the tonnage of the improved Ohio would double in a twelve months and more than quadruple in a decade.

The Ohio Valley Improvement Association earnestly urges all interests and committees in the Valley and all commercial and industrial organisations, to send delegations to Pittsburg to meet with the Board of Engineers in order that the importance of the Ohio and the interests of the Ohio Valley to the whole country be fully presented and there should be no delay in the selection of the delegations. The meeting and the subject of the meeting are of utmost importance to the Ohio Valley.

How to Avoid Appendicitis.

Most victims of appendicitis are those who are habitually constipated. Body of a Man Drowned in March.

Kuttawa, Ky., Aug. 7. A body was found floating in the Cumberland river at the ferry landing here yesterday morning. Coroner Jasper Buel was called and an inquest held. The verdict was that the body was of Bob Steele, who was drowned a mile above here on the 15th of last March. The head, feet, arms and clothing were gone. The family at Iveyburg was notified. Steele had been married but a few weeks, and his untimely death was a severe shock to his young wife. Mrs. Steele resides here. Steele met his death trying to land a raft, when his skiff capsized and he went down.

Chamberlain's Colic, Cholera And Diarrhoea Remedy, Better Than Three Doctors.

Three years ago we had three doctors with our little boy and everything that they could do seemed in vain. At last when all hope seemed to be gone we began using Chamberlain's Colic, Cholera and Diarrhoea Remedy and in a few hours he began to improve. Today he is as healthy a child as parents could wish for. Mrs. B. J. Johnston, Linton, Miss. For sale by J. H. Smithland Girl Weds.

The happy ending of a lingering suspicion in the minds of Smithland people for several weeks, was the marriage of Rev. R. R. Marshall to Miss Kitty Coram, yesterday at the parsonage of the Second Baptist church in Paducah. Several weeks ago Miss Coram returned from visiting in Kentucky and resigned her position as intermediate teacher in the Grade School, which had been promised her, and since that time matrimony was the only hope for her as far as the people could see. Sure enough they were right.

Rev. Marshall is pastor of the Corinth church in the Lusk neighborhood and Miss Coram taught the Lusk school last year. The separation and courtship ended yesterday. The acquaintance will go on and on, not forever, but the many friends of Miss Coram wish that many happy days are before her and her chosen mate. She has for several years been one of the foremost and most progressive teachers and the profession will lose a valuable member.

Sleeping Out of Doors.

The good Lord made the country foolish man built the town. The nights are cool enough out doors where and any place in this Ohio Valley paradise, but the people have an-made notion that they must sleep in doors. Our houses in Madison are constructed much more for winter than for summer habitations. The walls are broken by windows too few in number and wrongly constructed. The sash only allows half the window space to be open. The French build more wisely. They let the sash run up into the wall above and the whole window space may be open. Sash hung like a door will also permit the free interchange of air in and out of the house.

Many of our residences have no porches. They should all have. The patriarchs of old slept upon the eaves tops and Oriental people continue the practice in warm weather. In the good old summer time in Madison our people should hark back to primitive habits and sleep upon the porches.

Take a cot and lie down, as it were, out of doors. Over you the blossoms are floating, the moon casts a pretty light or the twinkling stars wink at you in merry approbation. You drowsily observe the town folks wending homeward and notice the sound of children gradually die down.

The look of the who and ice cream man fade into the distance. No perspiration wets yir forehead, and the balmy breezes gently fan the bold spot on the cranium. You pull up a blanket over you, not good night to sheltering maples and drop into a cool, cool and lasting slumber.

After a time you may awaken and enjoy the cool atmosphere and the quiet, silent beauty of the night, but the provocations to sleep are too alluring after the hot, stuffy air of the right—Livingston Banner.

bed room, and off you are in the arms of Morphens.

By and by the birds begin to twitter and sing, faint lines of light appear in east and the noise of the dairyman, the early risers, and the whistles and bells announcing another day of toil is at hand. But you waken refreshed by your sound sleep invigorated by the pure oxygen in your lungs and divert from your anxious thoughts by the novel experiences of the night. You reflect this is not such a bad world after all, but a beautiful mysterious, wonderful world, and you have new ideas of the simple life, of getting back to nature and entering the kingdom of heaven as a little child—Madison Indiana Courier.

Neighbors Got Fooled.

I was literally coughing myself to death, and had become too weak to leave my bed, and neighbors predicted that I would never leave it alive, but they got fooled, for thanks be to God, I was induced to try Dr. King's New Discovery. It took just four one dollar bottles to completely cure the cough and restore me to good sound health," writes Mrs. Eva Unepher, of Girtytown, Stark Co., Ind. This King of cough and cold cures, and healer of throat and lungs, is guaranteed by J. H. Orme druggist 50c and \$1.00. Trial bottle free.

Children Poisoned.

Three children of Rev. T. A. Conway of Marion were poisoned yesterday Tuesday from eating some candied cheese or that is the report here. Bro. Conway is pastor of the Baptist church here and he had left home to come here to assist Rev. Henry Gibbs in holding a meeting but his wife telephoned him at Princeton to return on account of the illness of the children. Doctors worked heroically with the youngsters and brought them around all during after the hot, stuffy air of the right—Livingston Banner.

The Board and the Ohio.

The Pittsburgh Chamber of Commerce has completed arrangements for the visit of the Board of Engineers, U. S. A., to Pittsburgh on Monday, Aug. 12. The object of the visit is for consideration of the previous report on the Nine Foot Stage in the Ohio. The Chamber has compiled data on the tonnage and other matters pertinent to the Ohio and on the necessity for completion of the Nine Foot Stage, and the visit of the Board will be of the utmost importance to every interest and to every community in the Valley.

The Board is composed of men distinguished in their profession, men of impartiality and without exception, impressed with the importance of the work committed to them—the improvement of the Ohio, draining the richest commercial, manufacturing, agricultural and mining Valley on the globe. A most cordial welcome is due them from the press and the people of the Ohio Valley and the duty is on press and people, and on all Ohio Valley, but to the trade and commerce of the entire country.

If the Great Lakes could be made navigable the entire year, it would need no statistician to demonstrate that their tonnage would be doubled, to say the least of it. But Nature has placed obstacles in the way of continuous lake navigation which do not obtain with reference to the Ohio River. The Ohio can be adequately improved from Pittsburgh to Cairo without one obstacle, natural or artificial in the way—and it needs no statistician to demonstrate that the tonnage of the improved Ohio would double in a twelve months and more than quadruple in a decade.

The Ohio Valley Improvement Association earnestly urges all interests and committees in the Valley and all commercial and industrial organizations, to send delegations to Pittsburgh to meet with the Board of Engineers in order that the importance of the Ohio and the interests of the Ohio Valley to the whole country be fully presented and there should be no delay in the selection of the delegations. The meeting and the subject of the meeting are of utmost importance to the Ohio Valley.

How to Avoid Appendicitis.

Monday about noon this vicinity was visited by one of the hardest rain and electrical storms ever witnessed by the oldest citizens. In a few minutes the low places were full of water and the roofs would not stand the terrible downpour. There was one continual flash of lightning.

Among other damage done by the lightning, was the striking of the spire of the Methodist church. The church was badly damaged, windows broken and siding torn off. The telephone wire running into the house of J. R. Jackson was also struck and plastering and paper were torn off, none of the family, however, was hurt.

D. SMITHSON

Who Leaps the Gap, Hurt During Performance.

Ed. Smithson, the trick bicyclist, who leaps the gap in a death defying dash down a steep incline on a bicycle, was painful though not seriously injured Wednesday afternoon.

Starting from the top of the incline he came down on his wheel at a tearing pace and, striking the short incline, made a graceful leap of the gap and struck the platform on the other side. The part of the platform on which his wheel struck proved defective, the lumber of which it was built being decayed and worm-eaten.

Two boards broke and the machine and rider were thrown up in the air ten or fifteen feet away from the platform.

Smithson fell on his right arm, bruising and spraining the muscles but not breaking any bones. A physician was promptly summoned and soon relieved the young fellow of much of the pain.—Morganfield Sun.
